

# WHY HIRE AN OUTSIDE IT CONSULTANT

## WHAT WE DO?

1

We are experienced in a number of software products. This knowledge makes diagnosing and correcting issues quick. It also means we can recommend different products to increase your productivity.

2

We assign a primary engineer to your account which means we are familiar with your company when we walk through the door.

3

Our contract customers receive a one hour call back and if you go down we are on site to take care of your needs.

4

We are your trusted advisor and a member of your team. Your staff enjoys peace of mind knowing we are consistent, on time and effectively handle your needs.

As your IT consultant, Tech Authority is a vital member of your team and we treat your business as if it is our own.

We understand that technology downtime can make or break your business, and we will put plans and systems in place to keep you working

Tech Authority is invested in your business and will make technology work for you and not against you.

Our slogan says it all...

*Solutions Not Excuses*

**TECH AUTHORITY, LLC**

***SOLUTIONS NOT EXCUSES***
